"When my little boy was about three months old his head broke out with a rash, which was very itchy and ran considerable watery fluid. The rash would itch so that he would scratch till the blood ran and a thin vellowish stuff the blood ran and a thin vellowish stuff. blood ran, and a thin yellowish stuff ild be all over his pillow in the morn-I had to put mittens on his hands m tearing his skin around ep him fro

to keep him from tearing his skin around his wrists. He got so weak and run down that he took fainting spells like we would think him dying. He was almost a skeleton and his little hands were thin like claws.

"He was bad about eight months when we tried Cuticura Remedies. I had not laid him down in his cradie in the daytime for a long time. He had got so that he just slept in our arms all the time. I washed him with Cuticura Soap and put on one application of Boap and put on one application of Cuticura Cintment and he was so soothed that I put him in the cradle. You don't know how gird I felt when he felt better. It took one box of Cuticura Ohitment, pretty near one cake of Cuticura Soap, and about half a bottle of Cuticura Resolvent, to cure. I think our little boy would have died only for the Cuticura Remedies, and I shall always remain a firm friend of them."

The cadets will return to their respective institutions in special trains immediately after the close of the game.

There promises to be more betting this year on the result of the contest than for several years past. There is strong feeling among the supporters of the navy that the Annapolis boys have a fair chance of winning and thus balancing up in some slight measure the series of defeats they have sustained at the hands of the The army, however, is a decided favorite and some of its most ardent ad-mirers are offering odds that the avy will not be able to score

The Pennsylvania authorities were greatly pleased with the result of their plan last year to get rid of the evil of ticket callers and the general dissatisfaction of many persons who did not receive invitations in former years, that its allotment of tickets vill again be sold and the proceeds given to charity. Exclusive of the which line both sides of the field, there are a trifle over 18,000 seats to be disposed of. These have been equally divided between the University of Pennsylvania and the
